BRITAIN: A HISTORIC STEP FORWARD

September 22, 1962 - London, England - (LS) - A great step forward was made towards UFO group unity when two British Alliance Member-Groups, plus six other British UFO investigative bodies, met and formed the British UFO Association on September 22nd. Mr. G.N.P. Stephenson, of LUFORO, became secretary. The groups participating are Alliance Member-Groups L.U.F.O.R.O. and D.I.G.A.P. Other members are:

Anglo-Polish U.F.O. Research Club  
British Flying Saucer Bureau  
Cheltenham Flying Saucer Group  
Scottish U.F.O. Research Society  
Stratford-On-Avon U.F.O. Group  
Tyneside U.F.O. Society

Look-See cordially welcomes this new effort towards unity, and invites the members of the newly formed association to join the alliance in its fight towards the goal of International UFO group unity. (SOURCE: pamphlet sent ROAP by LUFORO).

UFO AND SHOCK WAVE POSE CALIFORNIA PUZZLE

November 18, 1962- El Cajon, California - (LS) - Mysterious shock waves, and a saucer-shaped UFO were reported in a wide area around metropolitan San Diego, California on November 15, 1962. A Chula Vista Policeman, Patrolman Ralph G. Breitsch, said he saw a fiery-tailed object cross the southern sky from East to West and then plunged seaward. Many residents in the area complained of "window-rattling" and other such phenomena which police diagnosed as "something like a sonic boom." Mrs. John Brown of Del Mar reported a glowing, saucer-shaped object that appeared to hang in mid-air over the San Diego River bed. The Navy and Air Force said they had no unusual flight activities in the San Diego area at the time of the reports. (SOURCE: Jack Dale Bartlett).

NEWS NOTES

The Alliance welcomes a new member-group, R.E.C.A.P., Mr. John R. Gilmour, Chairman.

On November 13th, 1962, mysterious flashes were seen in the night sky of Atlanta, Georgia, and two other Southeastern cities. The Eglin Air Force Base of Mobile, Alabama, said the flashes could have been caused by a chemical released from an Astrobee rocket; however, no concrete answer has been offered, to date.
